

HELP SHAPE THE FUTURE OF ARBURY!

Nuneaton and Bedworth Borough Council are beginning to put together a **Design Code** for the allocated site HSG2 Arbury. A Design Code is an **overarching document** that will guide the **character** of development and ensure **high-quality** proposals that meet the **vision** and **aspirations** of the local community.

We are seeking the **community's input** to help us create an **inclusive, innovative** and **sustainable** document that reflects the views of the **local people**.

Our design team are hosting an **interactive workshop**, group **walk-around** and **drop-in exhibition** where you can ask **questions**, share your **views** and put forward **ideas** to shape the **vision** and **character** of future proposals. We are inviting you to come along and **get involved** in the process!

Have your say!

What is the engagement event about?

Meeting the
project team

Timeline of
key events and
milestones

Overview of a
design code

Developing
the vision

Understanding
the site and
local area

Establishing
your likes,
and dislikes
